Promax Drought Deals

February & March 2020 Promotion

Product Feature

Promax Tank Fitting Kit

Promax Tank Fitting kit contains all you need to fit your Promax or XPRESS Tank up to your pump and water source!

Fitting kit contains:

- 2 x Promax Pipe seals - 90mm
- 1 x Reducing nipple 50mm - 25mm
- 1 x Promax Plastic Ball Valve - 25mm
- 1 x Promax 25mm Hose Tail
- 1 x 2m Flexi suction delivery hose 25mm
- 1 x roll Thread Tape

Floating Out-take Kit

This simple kit attaches to your tank outlet, floating on the surface of the water within your tank.

This means you draw only the cleanest water from your tank, just below the surface.

Promax Septic Tank

These 'Single Stage' Filtered Promax Septic Tanks are manufactured from polyethylene to meet the AS/NZS:1546 Standard for Septic Tanks.

Designed by geotechnical experts this heavy duty ribbed tank has been designed and fully tested to withstand ground and water pressure at depth and is completely internally plumbed up to the outlets.
